AIR 170 Gate Score 739

SKILLS

C/C++ Programming	Intermediate
Full Stack Web Development	Intermediate
JavaScript	Intermediate
Communication and Leadership Skills	Beginner
Python Programming	Expert
SQL	Intermediate
Data Structures and Algorithms	Intermediate
Network Programming	Beginner
Operating Systems	Intermediate

WORK EXPERIENCE

Data Science Internship Nexus Info

April 2024 to May 2024 One Month

Worked as Data Science Intern for a duration of one month. A good experience to work with real time projects developing and deploying ML projects and dive deeper into the concepts. Working with other peers and guide helped me strengthen my concepts and learnt a lot during the entire duration on internship.

PROJECTS

My Portfolio [View Project](#)

Built a basic portfolio website using HTML, CSS, JavaScript.

Payroll Management System [View Project](#)

Tech Stack- Python, HTML, CSS, Django Framework

Built a payroll management system that converts the manual system of maintaining salary processing records at a company using computers. I utilized the power of Django Framework for processing requests and carrying out efficient Database operations.

Spotify Clone [View Project](#)

Tech Stack- Vanilla JavaScript, HTML, Tailwind CSS, Vite

A clone website that simulates Spotify using APIs provided by Spotify for developers and designed using Vanilla JavaScript.

E-Commerce App (Avi-Com) [View Project](#)

Tech Stack- React, Material UI, Firebase, Redux, Vite

Built a responsive and interactive web interface simulating all the functionalities E-commerce website using React.

CERTIFICATIONS AND COURSES
